*"It has been my great pleasure to work with Kent Hutchison through our Leadership Mainland program for many years. Kent facilitates our opening weekend retreat and wrap-up sessions with our leadership class. We feel that the retreat kicks off our year for this group and sets the tone for the remainder of the months to come. Kent does an outstanding job, and we willingly work around his schedule rather than enlist anyone else to facilitate our class. He educates our class members regarding leadership with a strong Chamber influence that is a valuable asset to our organization. Kent has produced many long-term Chamber volunteers through Leadership Mainland and gained a loyal following among those he has mentored."*

*"When starting our Leadership program, a Chamber colleague I respect immensely recommended Kent Hutchison as the ONLY retreat facilitator to consider for our first class. Not only did he patiently advise me with what must have been boringly basic information for forming a Leadership program, but also he transformed a widely diverse group of adults into a close-knit group of friends for life. Kent is effective in bringing people together. Several in our group have booked him for projects with their businesses, and I know who will be our retreat facilitator as long as I have input in the decision. Kent Hutchison truly rocks!"*
